DETAILED ACTION

1. Claims 1-15 and 17 remain allowed.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claim 16 contains the trademark/trade name "P84" and "P-84-HT-325". Where a trademark or trade name is used in a claim as a limitation to identify or describe a particular material or product, the claim does not comply with the requirements of 35 U.S.C. 112, second paragraph. See *Ex parte Simpson*, 218 USPQ 1020 (Bd. App. 1982). The claim scope is uncertain since the trademark or trade name cannot be used properly to identify any particular material or product. A trademark or trade name is used to identify a source of goods, and not the goods themselves. Thus, a trademark or trade name does not identify or describe the goods associated with the trademark or trade name. In the present case, the trademark/trade name is used to identify/describe copolyimide polymers and, accordingly, the identification/description is indefinite.
4. Claim 16 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. Applicant's arguments filed May 19, 2005 have been fully considered but they are not persuasive. With respect to both the remarks and the two affidavits, as far as the examiner knows, the requirements of the related case of Ex parte Simpson, 218 USPQ 1020 (Bd. App. 1982), have not been overturned. Thus, the use of trademarks and tradenames within a claim is not permitted. Stated differently, the examiner cannot change a Board of Appeals decision. The main reason is that the trademark/tradename

Art Unit: 1724

is used to identify a source of goods and not the goods themselves. While the trademark/tradename means one thing today, there is nothing preventing the same trademark/tradename from meaning something else in the future. Thus, the use of such tradename/trademark renders claim 16 indefinite because it does not identify or describe the particular polyimide being represented by same. Any other remarks made by applicants and not specifically commented upon by the examiner, have been considered.

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
